

	base-excision repair, gap-filling
mitochondrial DNA	DNA metabolic process
DNA-templated DNA replication	DNA replication proofreading
DNA replication	DNA-templated DNA replication
base-excision repair	mitochondrial DNA replication
	Goterm
single-stranded DNA 3'-5' DNA exonuclease activity	3'-5' exonuclease activity
DNA-directed DNA polymerase activity	5'-deoxyribose-5-phosphate lyase activity
	chromatin binding
5'-deoxyribose-5-phosphate lyase activity	DNA binding
3'-5' DNA exonuclease activity	DNA-directed DNA polymerase activity
	protease binding
protease binding	single-stranded DNA 3'-5' DNA exonuclease activity
	Goterm
	gamma DNA polymerase complex
mitochondrial chromosome	mitochondrial chromosome
gamma DNA polymerase complex	mitochondrial matrix
	mitochondrial nucleoid
	mitochondrial nucleoid
